## **Executive Summary**

### **AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)**

#### **1. Introduction**

The 2019-2020 Annual Action Plan for the City of Jurupa Valley satisfies federal requirements to receive Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD).

The primary objective of the CDBG program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for low- and moderate-income individuals.

Each activity to be undertaken with CDBG funds must meet one of the three national objectives:

- Benefit low and moderate-income persons,
- Aid in the prevention or elimination of slums and blight, or
- Meet a community need having a particular urgency.

In order to receive CDBG funds, the City must prepare a Consolidated Plan. The Consolidated Plan is a multi-year strategic plan that identifies priority housing and community needs. It also identifies the activities the City will implement over a five-year period to address needs. The Action Plan, a component of the Consolidated Plan, is the City's annual expenditure plan for the use of CDBG funds to address the needs identified in the Consolidated Plan.

The 2019 federal budget was approved on February 15, 2019, almost five months late. On April 12<sup>th</sup>, HUD posted funding allocations for 2019 - the City will receive \$1,203,797 in CDBG funding (\$23,797 more than the City's 2018 grant). No additional prior year CDBG funds or program income will be available to fund eligible housing rehabilitation activities.

The 2019-2020 Action Plan details the specific activities the City will undertake with CDBG funds to address housing and community needs identified in the Consolidated Plan. Planned activities include housing rehabilitation, public infrastructure improvements, public social services grants, and program administration (including fair housing services).

#### ***June 2020 Amendment***

*On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act of 2020 (CARES Act), was signed into law. Pursuant to the CARES Act, HUD has allocated \$702,928 in CDBG-Coronavirus ("CDBG-CV") funds to the City of Jurupa Valley to help fund activities that prepare, prevent, or respond to local*

community impacts of the coronavirus. An amendment to the 2018-2022 Consolidated Plan/2019-2020 Annual Action Plan was prepared to add CDBG-CV funded activities to the 2019-2020 Annual Action Plan.

### **March 4, 2021 2<sup>nd</sup> Substantial Amendment**

The City received an initial allocation of \$702,928 in CDBG-CV Round 1 funds (CDBG-CV1) in April 2020. The second round of CDBG-CV funding (CDBG-CV2) went to state; however, pursuant to the CARES Act, HUD has allocated an additional round of funding of CDBG-CV (CDBG-CV-3). On September 11, 2020, HUD announced the City of Jurupa Valley will receive \$664,209 in CDBG-CV-3 funds. All CDBG-CV funds must be used to fund activities that prepare, prevent, or respond to local community impacts of the coronavirus. A second amendment to the 2018-2022 Consolidated Plan/2019-2020 Annual Action Plan is necessary to add CDBG-CV-3 funded activities to the 2019-2020 Annual Action Plan.

### **March 17, 2022 3<sup>rd</sup> Substantial Amendment**

On September 11, 2020, HUD announced the City of Jurupa Valley would receive \$664,209 in CDBG-CV-3 funds. A second amendment to the 2018-2022 Consolidated Plan/2019-2020 Annual Action Plan was approved and CDBG-CV-3 funded activities were added to the 2019-2020 Annual Action Plan. A third amendment to the 2018-2022 Consolidated Plan/2019-2020 Annual Action Plan is necessary to reallocate CDBG-CV-3 funded activities to the 2019-20 Annual Action Plan.

## **2. Summarize the objectives and outcomes identified in the Plan**

The City's overall objective for the CDBG program, as specified in the Strategic Plan section, mirrors HUD's overall objective for the program: to create a viable community by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low- and moderate-income. To accomplish this objective in Jurupa Valley, the following Consolidated Plan goals have been identified based on the input of residents and other community stakeholders:

- Conserve the existing supply of affordable housing by supporting the provision of federal rental assistance vouchers and certificates administered by the Housing Authority of Riverside County.
- Assist with the preservation of the City's owner-occupied single-family housing stock.
- Support housing and services for the homeless and those at risk of becoming homeless.
- Support community social services benefitting low- and moderate-income persons and those with special needs.
- Provide needed public infrastructure and facility improvements benefitting low- and moderate-income persons and those with special needs.
- Ensure quality, professional administration of federal funds, including the provision of fair housing services to address discriminatory actions that impede access to housing.

## **3. Evaluation of past performance**

FY 2018-19 is the first year of the City's 2018-2022 Consolidated Plan cycle and as a CDBG-entitlement community. Activities funded in the 2018-19 Annual Action Plan will be completed by June 30, 2019; therefore, there is no past performance to report at this time.

#### 4. Summary of Citizen Participation Process and consultation process

The participation of residents and community stakeholders in prioritizing the use of CDBG funds is an important component of the Consolidated Plan (and Action Plan) planning process. For the 2019-2020 Action Plan, the City obtained public input in a variety of ways:

- The City established the Community Development Advisory Committee (CDAC), a five-member committee of City resident charged with evaluating and recommending public service grant for the City Council’s consideration. On February 22, 2019, an informal meeting was held by the City to advise potential committee members and public service grant applicants of the upcoming committee appointment and grant application process.
- On March 22, 2019, the newly-appointed CDAC held its first meeting at which grant applicants presented their request for public service grant funding and the Committee accepted other public input regarding CDBG public service grant funding.
- March 28, 2019, the second CDAC meeting at which additional public input regarding CDBG public service grant funding was provided and the Committee developed funding recommendations for the City Council’s consideration.
- On April 2, 2019, a notice was published in the *Press Enterprise* announcing the required 30-day public comment period for the draft 2019-2020 Annual Action Plan. The notice also announced 2019-2020 public hearing to be held by the City Council.
- A public hearing was held on May 2, 2019, for the City Council to accept additional public input regarding the draft 2019-2020 Annual Action Plan and to authorize submission of the plan to HUD.

##### **June 2020 Amendment**

- *On March 31, 2020, HUD issued a memorandum authorizing the City to exercise waivers to modify the current Citizen Participation process by reducing the required 30-day Consolidated Plan Substantial Amendment comment to five days, and allowing for “virtual” public hearings. Pursuant to these waivers, the City published a notice on the City’s website announcing the five-day comment period and the June 4, 2020, public hearing held by the City Council.*

##### **March 4, 2021 2<sup>nd</sup> Amendment**

- *Pursuant to HUD’s March 31, 2020 waivers, the City published a notice on the City’s website announcing the five-day comment period and the March 4, 2021, public hearing held by the City Council. A copy of this notice, and a summary of public comments received during the comment period and the hearing are provided as **Attachment A**.*

##### **March 17, 2022 3<sup>rd</sup> Substantial Amendment**

- *Pursuant to HUD’s March 31, 2020 waivers, the City published a notice on the City’s website announcing the five-day comment period and the March 17, 2022, public hearing held by the City Council. A copy of this notice, and a summary of public comments received during the comment period and the hearing are provided as **Attachment B**.*

## 5. Summary of public comments

Regarding the 3<sup>rd</sup> Substantial Amendment - there were \_\_\_ public comments were received during the public review period or public hearing. There were no public comments were received during the public review period or public hearing. No public service and/or homeless prevention grant applicants spoke at the City Council meeting. Public service and homeless prevention grant applicants provided City Council with information regarding service needs of Jurupa Valley renters. There was no other input. A summary of comments is provided in section AP-12 and **Attachment A**.

## **AP-10 Consultation – 91.100, 91.200(b), 91.215(I)**

### **1. Introduction**

The City of Jurupa Valley has taken several steps to obtain the input of community residents and stakeholders to develop the 2019-2020 Annual Action Plan. Consultation efforts include community meetings, and public notices and hearings. The City also consulted with state and regional agencies and local service providers. Additionally, the City utilized its internet webpage, social media, and the local community newspaper to notify residents of the opportunity to review and comment on the draft 2019-2020 Annual Action Plan. Actions taken by the City are consistent with the City's Citizen Participation Plan which is incorporated into the Consolidated Plan.

### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))**

Jurupa Valley's recently updated Housing Element emphasizes incentives rather regulations, "as a means to facilitate the production of housing for all income levels." Implementation of incentive programs will require significant coordination with housing developers and housing providers. Among assisted housing providers, Jurupa Valley partners with the Housing Authority of the County of Riverside (HACR), which assists renter households with HUD-funded housing assistance vouchers and certificates.

With respect to service agencies, the City actively reached out to local homeless service providers to explore partnership and funding opportunities. Through the annual CDBG Public Service Grants funding process, City staff can ascertain the services City residents need and develop partnerships with local agencies to coordinate the delivery of needed services.

### **Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

As a "Participating City" in the Urban County CDBG program, Jurupa Valley contributed to the Riverside County Continuum of Care (RC-CoC) planning process through the County of Riverside. As a direct CDBG grantee, the City will continue to participate in the RC-CoC by contributing to the regional CoC planning process. Additionally, the City initiated the process to build relationships with local CoC service providers in order to address the needs of the City's homeless. As needed, City staff will expedite certifications of consistency with the Consolidated Plan and other forms of support for the OC CoC. The City also participated in the 2019 regional homeless Point-In-Time survey.

### ***June 2020 Amendment***

Stay at home orders have had a significant impact on Jurupa Valley residents, especially the near-homeless. CDBG-CV funding is allocated to agencies that will provide housing and utility assistance to eligible households with the goal to restore housing and financial stability.

**March 4, 2021 Amendment**

*Stay at home orders have had a significant impact on Jurupa Valley residents, especially City residents that have lost jobs or had their wages reduced. Many residents may be unable to pay rent, which would make them vulnerable to eviction and at risk of becoming homeless. CDBG-CV-3 funding is primarily allocated for activities that will provide rental housing assistance to eligible low and moderate-income households with the goal to preserving housing and financial stability, and preventing homelessness.*

**March 17, 2022 3<sup>rd</sup> Substantial Amendment**

*Initially, CDBG-CV-3 funding was primarily allocated for activities that would provide rental housing assistance to eligible low and moderate-income households with the goal to preserving housing and financial stability, and preventing homelessness. However, after the rental assistance program was initiated - approximately half of the funds allocated are expected to be used. City wants to reallocate these remaining funds to the current LEAP Program assisting businesses that were negatively affected by the coronavirus and for City's food bank's kitchen equipment that would serve its eligible low- and moderate-income households.*

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The City is not a recipient of Emergency Solutions Grant (ESG) funds; therefore, it does not assist the RC-CoC with the determination of ESG allocations or evaluating outcomes, and developing policies and procedures for the administration of the regional Homeless Management Information System (HMIS). In order to address local homeless issues, the City did solicit proposals from regional service providers and considered how these programs and services address local and regional homeless needs.

**2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities (see Table 2)**

## AP-12 Participation – 91.105, 91.200(c)

### 1. Summary of citizen participation process/Efforts made to broaden citizen participation

#### Summarize citizen participation process and how it impacted goal-setting

The City implemented the following efforts to obtain a broad range of resident input during the preparation of the 2019-20 Annual Action Plan:

**Community Meetings:** On February 21, 2019, the City Council established the Community Development Advisory Committee (CDAC), a five-member committee of City resident charged with evaluating and recommending public service grant for the Council’s consideration. On February 22, 2019, an informal meeting was held by the City to advise potential committee members and public service grant applicants of the upcoming committee appointment and grant application process. On March 22, 2019, the newly-appointed CDAC held its first meeting at which grant applicants presented their request for public service grant funding and the Committee accepted additional public input regarding CDBG public service grant funding. Finally, on March 28, 2019, the CDAC meet for a second time to hear additional public input regarding CDBG public service grant funding. The Committee also developed funding recommendations for the City Council’s consideration.

**Notices/Website:** On April 2, 2019, a notice was published in the *Press Enterprise* announcing the required 30-day public comment period for the draft 2019-2020 Annual Action Plan. The notice also announced 2019-2020 public hearing to be held by the City Council. See **Attachment 1**, for a copy of the notice and a summary of public comments.

**Public Hearings:** Consistent with HUD’s regulations, the City Council held a public hearing at a regularly noticed and scheduled meeting (May 2, 2019) to obtain public input regarding the draft Annual Action Plan and the proposed use of 2019-20 CDBG funds, and to authorize staff to submit the document to HUD.

## Expected Resources

### AP-15 Expected Resources – 91.220(c)(1,2)

#### Introduction

Fluctuations in CDBG funding make it difficult to estimate the amount that will be available over the five-year Consolidated Plan cycle. The 2019 federal budget was approved on February 15, 2019. On April 12, 2019, HUD published 2019 CDBG allocations - the City will receive \$1,203,797 in CDBG funds for FY 2019-20. Housing voucher/certificate resources (via HARC) will be available to carry out activities that support the goals of the Consolidated Plan.

#### **June 2020 Amendment**

On March 27, 2020, the CARES Act was signed into law. HUD notified the City that it would receive \$702,928 in CDBG-CV funds to undertake activities that prepare, prevent, or respond to local community impacts of the coronavirus.

#### **March 4, 2021 Amendment**

*HUD has notified the City that it will receive a second round of CARES Act funding in the amount of \$664,209 in CDBG-CV-3 funds to undertake activities that prepare, prevent, or respond to local community impacts of the coronavirus.*

#### **March 17, 2022 3<sup>rd</sup> Substantial Amendment**

*City will reallocate some of the second round of CARES Act funding of CDBG-CV-3 funds to undertake activities that prepare, prevent, or respond to local community impacts of the coronavirus.*

**Table 5 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

Other resources that are available to carry out activities that address the goals of the Consolidated Plan are limited:

- HARC reports that as of March 2019, 365 Jurupa Valley households receive rental assistance. It is anticipated that a similar number of households will be assisted annually over the five-year period of the Consolidated Plan.
- Jurupa Valley intends to continue and update an existing Inclusionary Housing Program previously administered by the County of Riverside. This program requires that 1 out of every 25 new units (4%) be reserved for households at the 50% area median income level.

Projects of six or more units are required to participate in the program. Affordable units must be provided on-site, off-site, or through the payment of an in-lieu fee.

CDBG does not require matching funds.

**May 2020 Amendment**

On March 27, 2020, the CARES Act was signed into law. HUD has notified the City that it will receive \$702,928 in CDBG-CV funds to undertake activities that prepare, prevent, or respond to local community impacts of the coronavirus.

**March 4, 2021 Amendment**

*HUD has notified the City that it will receive \$664,209 in CDBG-CV-3 funds to undertake activities that prepare, prevent, or respond to local community impacts of the coronavirus.*

**March 17, 2022, 3<sup>rd</sup> Substantial Amendment**

*City will reallocate some of the second round of CARES Act funding of CDBG-CV-3 funds to undertake activities that prepare, prevent, or respond to local community impacts of the coronavirus.*

**If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

The Jurupa Valley General Plan Appendix A contains an extensive list of parcels that may be suitable for housing development. The inventory includes an evaluation of development constraints and potential development capacity for each parcel. Combined with the incentives identified in the Housing Element, there exists a potential for the development of several affordable housing units during the Consolidated Plan cycle; however, no specific projects are identified for FY 2019-20.

**Discussion**

Funding resources to implement the City's Consolidated Plan are limited. It is anticipated that CDBG funding will continue to be reduced. With respect to other resources, the City will continue to support RCHA's efforts to secure new rental assistance resources. Finally, an inventory of vacant and underutilized land has been developed. Combined with affordable housing development incentives, it is possible that new affordable housing opportunities will be developed during the Consolidated Plan cycle; however, no specific projects are identified for FY 2019-20.

Table 7 - Project Information

#### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

FY 2019-20 is the second year the City will administer CDBG funds on its own. As a Cooperating City in the CDBG Urban County Program, the City worked with Riverside County staff to implement several Americans with Disabilities Act (ADA) related projects, public facility improvement projects, and public services. The City will continue to utilize CDBG funds to construct street and sidewalk improvements to improve accessibility and mobility for individuals with disabilities and to improve neighborhoods within the CDBG eligible Census Tract Block Groups.

In addition to funding services to address the needs of the homeless and those at risk of becoming homeless, public service grants funding in 2019-20 includes funding for senior services. Fair housing services will provide residents, landlords, and property managers with information and knowledge regarding fair housing laws with the goal of reducing or eliminating housing discrimination. This program will benefit all Jurupa Valley residents including protected classes such as individuals with disabilities and families with children. Finally, as indicated in the Consolidated Plan, the City will implement a housing rehabilitation program for qualified low- and moderate-income homeowners.

## AP-50 Geographic Distribution – 91.220(f)

### Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Approximately 40 percent of planned CDBG-expenditures during FY 2019-20 will be available on a citywide basis. These activities include housing rehabilitation, homeless services, public services, fair housing services, and program administration. Public infrastructure improvement slated for funding are eligible due to the percentage of low- and moderate-income residents residing in the project’s service area. A map of the City’s CDBG Eligible Areas is provided as **Attachment 2**.

### Geographic Distribution

Target Area	Percentage of Funds
CDBG-Eligible Block Groups	65
Citywide	35

Table 8 - Geographic Distribution

### Rationale for the priorities for allocating investments geographically

The City’s primary intent is to serve lower income residents that need housing/services regardless of where they live within the City. Area-wide activities (e.g., infrastructure improvements) are limited to the City’s CDBG-eligible areas.

### Discussion

As indicated above, CDBG funds will be allocated to programs that serve Jurupa Valley residents regardless of where they live.

## Affordable Housing

### AP-55 Affordable Housing – 91.220(g)

#### Introduction

The City will utilize limited CDBG funds and program income to provide housing rehabilitation grants to eligible homeowners.

<b>One Year Goals for the Number of Households to be Supported</b>

Acquisition of Existing Units	0
<b>Total</b>	<b>5</b>

**Table 10 - One Year Goals for Affordable Housing by Support Type**

#### Discussion

During FY 2019-20, the City will implement a pilot Homeowner Housing Rehabilitation Grant program. The City will use CDBG funds to assist an estimated five households with this activity. The City will also continue to support HARC’s implementation of the federal rental assistance voucher and certificate program. An estimated 365 Jurupa Valley households will benefit from this program during FY 2019-20.

## **AP-60 Public Housing – 91.220(h)**

### **Introduction**

The City does not own or manage public housing.

### **Actions planned during the next year to address the needs to public housing**

Not applicable.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

Not applicable.

### **If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

Not applicable.

### **Discussion**

The City does not own or manage public housing.

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

As outlined in the Strategic Plan, the City will utilize a portion of CDBG funds during FY 2019-20 to support agencies that provide homeless services.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including;**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The City will utilize CDBG funds to fund homeless outreach services specifically targeting chronic homeless individuals. These services will be provided by Path of Life Ministries, which will utilize its mobile outreach team to connect with 90 homeless individuals and provide a variety of services and referrals designed to meet the basic needs. This outreach staff will also conduct vulnerability assessments to determine if homeless individuals are ready to enter rapid rehousing or permanent supportive housing.

#### **Addressing the emergency shelter and transitional housing needs of homeless persons**

There are no emergency or transitional housing beds in Jurupa Valley; however, during FY 2019-20, the City will partner with Path of Life which will provide a minimum of two shelter beds (600 bed nights) for Jurupa Valley homeless individuals on any given night. An estimated 50 individuals will benefit from these services.

#### **Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

HUD's 2017 *Continuum of Care Homeless Assistance Programs Housing Inventory Count Report* indicates there are 1,520 permanent supportive housing beds throughout the Riverside County Continuum of Care. Most beds (890) are tied to the Veterans Affairs Supportive Housing (VASH) rental housing voucher program that is administered by the HARC. The HARC reports 20 Jurupa Valley veteran households receive rental assistance and 57 are on the rental assistance waitlist. HARC also reports that as of March 7, 2019, 20 formerly homeless households are participating in the federal rental assistance program; however, 354 self-reported homeless individuals with ties to Jurupa Valley are on the waitlist for federal rental assistance. The City will continue to support HARC and its efforts to secure additional

VASH vouchers, Shelter Plus Care vouchers, and rental assistance vouchers and certificates in an effort to address the needs of these homeless individuals and households.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

According to HUD's *Strategies for Preventing Homelessness*, "Homelessness prevention is an essential element of any effort to end homelessness either locally or nationwide." This HUD report indicates it is less expensive and disruptive to keep a household housed in place. To this end, the City will allocate CDBG funds to Path of Life to support their homelessness prevention program. An estimated 10 individuals will be assisted during FY 2019-20. The City will also participate in regional homeless planning efforts, including the RC-CoC's Discharge Plan, which aims to prevent individuals leaving institutions, hospitals, etc., from becoming homeless.

City staff has seen the impact of COVID-19 on its renters – and the potential of many renters to become homeless – as the pandemic continues to have negative effects. The bulk of CDBG-CV-3 funds are proposed to be allocated towards a rental assistance program to help mitigate the rapid accumulation of rental debt for low- to moderate-income tenants in the City. If enacted, the rental assistance program would provide direct economic relief to debt-burdened tenants and landlords that have not received timely payments for properties that they own. To qualify for the rental assistance program – low to moderate income renters need to provide sufficient documentation to demonstrate that they have been economically impacted by COVID-19 (decrease in pay, reduction in hours, job loss, etc.). Also, residents must have missed partial or full rental payments to landlords as a result of the economic impacts that they have experienced due to COVID-19. The program is expected to assist 92 or more renters and landlords.

## **Discussion**

The City's homeless strategy is to help prevent homelessness and to support local service providers as they engage and assess the City's homeless. Significant CDBG funding is allocated to Path of Life Ministries to provide an array of homeless services including outreach, engagement, short-term shelter, and support services. Path of Life will also use CDBG funding to provide rent and/or utility assistance to prevent eviction or the termination of utilities.

## **AP-75 Barriers to affordable housing – 91.220(j)**

### **Introduction:**

Barriers to affordable housing and actions to overcome barriers are listed in the City’s Housing Element and were outlined in the Consolidated Plan – a summary is provided below.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The Jurupa Valley Housing Element states, “incentives are preferable to regulations as the means to facilitate the production of housing for all income levels.” To encourage the production of lower-cost housing the City has identified various incentives for property owners and developers to consider. Among these possible incentives are modifications to development standards, reduced development fees, expedited permit processing, and direct financial assistance from in-lieu Inclusionary Housing Program (IHP) fees. No projects are currently underway that are utilizing these incentives.

### **Discussion:**

The City’s Housing Element and Consolidated Plan identify several barriers to the creation of affordable housing opportunities. The Housing Element has also identified several actions the City can take to reduce the impact of these barriers on the development of affordable housing; however, no projects are currently under development that are using these incentives.

## **AP-85 Other Actions – 91.220(k)**

### **Introduction:**

Outlined below are the actions the City will implement during FY 2019-20 to address the sub-strategies of the Strategic Plan.

### **Actions planned to address obstacles to meeting underserved needs**

During FY 2019-20, the City will encourage and support HARC's efforts to obtain additional rental assistance funding, especially for senior, disabled, and low-income households. CDBG-funded public facility improvements will provide improve residential neighborhoods with the rehabilitation or installation of streets, sidewalks and bike lanes. Additionally, funding will be allocated to support meal services for seniors. Finally, fair housing services will help ensure all households can secure safe and decent housing that they desire and can afford, without regard to their race, color, religion, gender, national origin, familial status, disability, age, source of income or other characteristics protected by laws.

### **Actions planned to foster and maintain affordable housing**

As previously outlined, the City will utilize CDBG funds to initiate a homeowner housing rehabilitation grant program during FY 2019-20. The City will also continue to support HARC's administration of HUD's voucher and certificate rental assistance program.

### **Actions planned to reduce lead-based paint hazards**

A significant percentage of the City's housing stock was constructed before 1980 and may contain lead-based paint hazards. The City will ensure that information is available to community residents regarding the health impacts of lead-based hazards, especially for young children. As the City implements its housing rehabilitation program, it will ensure that HUD's regulations regarding lead-based paint hazards are incorporated into program policies and procedures to ensure lead-paint hazards are addressed during the property rehabilitation.

### **Actions planned to reduce the number of poverty-level families**

According to the U. S. Census Bureau, approximately 16.0% of the City's population is living at or below the poverty level including 23.2% of children under the age of 18 and 13.8% of seniors (age 65 and older). During FY 2019-20 the City will support several activities that aim to reduce the number of households living in poverty:

- Support HARC's administration of rental assistance programs for very low-income renters.
- Support social service programs that assist households at risk of becoming homeless and those that are homeless.

- Funding for free/low-cost meal services for seniors.
- Support fair housing services to ensure households have access to safe and decent housing free of discrimination.

### **Actions planned to develop institutional structure**

As the City prepared to become a CDBG grantee community in 2018, it initiated efforts to develop an institutional structure that will help identify and access resources to improve the community. The City solicited the input of local service providers by a community workshop to discuss community needs and future funding opportunities. The City will continue to assist the HARC to implement its Five-year Public Housing Authority (PHA) Plan for the provision of rental assistance vouchers and certificates. The City will also engage neighboring HUD-grantee communities to explore and participate in regional planning and program initiatives.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The City of Jurupa Valley does not operate public housing. HARC provides rental assistance in the community. Federal legislation requires that the Housing Authority prepare five-year and one-year plans that highlight its mission, goals, and objectives as it relates to public and assisted housing programs. The City will review the Authority's plans and will provide HARC the opportunity to review and consult with the City regarding its Consolidated Plan. The goal of this cross-consultation is to provide consistent and coordinated housing services for City residents.

As stated above, Jurupa Valley has developed working relationships with several local nonprofits. As the City expands its CDBG program to provide public service grant funding, it will coordinate efforts with nonprofit partners to promote the efficient and effective use of limited public resources.

### **Discussion:**

Prior to 2018, the City was part of the Riverside Urban County CDBG program. As a participating jurisdiction, the County's Analysis of Impediments to Fair Housing incorporated the City. The current AI is summarized in **Attachment 3**. Action steps to be taken by the City during FY 2019-20 to address identified impediments are also found in **Attachment 3**.
